Are you a young adult with autism who would like to better engage with your community?

VOLUNTEERS ARE NEEDED FOR A RESEARCH STUDY

ABOUT OUR STUDY
This study will evaluate an intervention designed to help young adults with autism increase participation in their communities.

WHO CAN VOLUNTEER?
• Individuals with a primary diagnosis of autism spectrum disorder
• Individuals aged 18 to 25 who have graduated from high school
• Individuals who speak English as their primary language
• Individuals who live in either a non-urban municipality or rural county in Pennsylvania
• Individuals motivated for behavior change

WHAT WILL VOLUNTEERS DO?
• Complete annual and six-month follow-up surveys in two weeks
• Complete 48 points of contact per year via weekly phone calls with clinician if randomly selected for treatment group
